Both said assessments shall be established and collected as hereinafter provided. Such assessment shall be charges upon and shall be continuing liens upon the property against which each such assessment is made, paramount and superior to any homestead or other exemption provided by law, and shall also be the personal obligation of

the person who was the Owner of such property at the time when the assessment fell due all as is more particularly described in herein.

Section 3.2 - PURPOSES OF ASSESSMENTS – The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety, and welfare of the residents in THE PROPERTIES and for the improvements and maintenance of the following: streets, drainage, open spaces, private access easement areas, including but not limited to all lighting installed for the benefit of the ASSOCIATION on THE PROPERTIES and to pay expenses incurred by the ASSOCIATION in accordance with its By-Laws.

Section 3.3 - BASIS AND MAXIMUM OF ANNUAL MAINTENANCE ASSESSMENTS - Beginning January 1, 2023, for each MEMBER the annual maintenance assessment shall be \$500.00 for a single Lot/Adjoining Lots and \$500.00 per non-adjoining Lot. From and after January 1, 2023, the annual maintenance assessment may be increased by the Board each year not more than 10% above the annual maintenance assessment for the previous year without a vote of the membership. A Vote of the membership shall be required to increase the annual maintenance assessment by more than Ten (10) Percent and such vote to increase the annual maintenance assessment by more than Ten (10) Percent shall require the consent of (2/3) of the Members who are voting in person or by proxy at a meeting duly called for this purpose. The Board may fix the actual maintenance assessment for any such future year at a lesser amount.

Section 3.4 - SPECIAL ASSESSMENTS – In addition to the annual maintenance assessments authorized above, the ASSOCIATION may levy in any assessment year, a special assessment for the purpose of defraying, in whole or in part, the costs of any construction, reconstruction, repair, or replacement or capital improvement upon the OPEN SPACE and PRIVATE ACCESS EASEMENT AREAS, and lighting installed for the benefit of the ASSOCIATION on THE PROPERTIES, including fixtures and personal property related thereto.

All special assessments shall be established as a percentage of the actual annual maintenance assessment established for the same year, to be levied in addition thereto, and such percentage shall be the same for all assessed Lots, subject to Section 1.22 and 3.3, provided that special assessments shall never exceed Fifty (50) Percent of the actual annual maintenance assessments for the same year and must receive the assent of either (a) as to proposed special assessments which do not exceed Twenty-five (25) Percent of the actual annual maintenance assessment, Two-thirds (2/3) of the votes of Members who are voting in person or by proxy at a meeting duly called for that purpose, or (b) Nine-tenths (9/10) of such votes as to proposed special assessments in excess of such Twenty-five (25) Percent.

Section 3.5 - NOTICE AND QUORUM OF ANY ACTION AUTHORIZED AS A SPECIAL ASSESSMENT – Written notice of any meeting called for the purpose of taking any

action authorized as a Special Assessment shall be sent to all Members, not less than Ten (10) days and not more Sixty (60) days in advance of the meeting. At such meeting called, the presence of Members or of proxies entitled to cast Sixty (60) Percent of all votes of the membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be the Members present at the subsequent meeting.

Section 3.6 - DATE OF COMMENCEMENT OF ASSESSMENTS – The annual assessments provided for herein shall be due as to each Lot or Adjoining Lots on February 1, 2023. Thereafter, annual assessments shall be due per calendar year no later than February 1st of that calendar year. The Board shall fix the amount of the annual assessment against each Lot or Adjoining Lot at least Thirty (30) days in advance of the due date of each annual assessment (by January 1) and shall at that time prepare a roster of The Properties and assessments applicable thereto which shall be kept in the office of the Association and shall be open to inspection by any Owner. Written notice of the assessment shall be sent to every purchaser of a Lot subject thereto. The Association shall, upon demand at any time, furnish to any Owner liable for said assessment, a certificate in writing signed by an officer of the Association, setting forth whether said assessment has been paid. Such certificate shall be conclusive evidence of payment of any assessment therein stated to have been paid. A reasonable charge may be made by the Board for the issuance of such certificate.

Section 3.7 - EFFECT OF NONPAYMENT OF ASSESSMENTS AND REMEDIES OF THE ASSOCIATION – Any assessment not paid within Thirty (30) days after the due date shall bear interest from the due date at Eighteen (18) Percent per annum and the association may bring an action at law against the Owner personally obligated to pay the same or foreclosure of the lien against the property, and there shall be added to the amount of the delinquent assessment the costs of preparing the petition or complaint in such legal action. Any judgment thereafter obtained shall include interest on the assessment as above provided and a reasonable attorney's fee to be fixed by the court, together with the costs of the action. No Owner may waive or otherwise except liability for the assessments provided for herein by non-use of the Open Space and Private Access Easement Areas or by the abandonment of his Lot.

Section 3.8 - SUBORDINATION OF THE LIEN TO MORTGAGEE – The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage now or hereafter placed upon any Lot being assessed. Sale or transfer of any Lot shall not affect the assessment lien, provided that the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer, but further provided that no sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof.

Section 3.9 - EXEMPT PROPERTIES – All common areas, all properties dedicated to and accepted by a local public authority and devoted to public use, and all properties owned by a charitable or non-profit organization exempt from taxation by the laws of the State of Oklahoma shall be exempt from the assessments created herein, provided, however, that no land or improvements devoted to dwelling use shall be exempt from such assessments.

Section 3.10 - DUTIES OF THE BOARD – With respect to assessments, the Board shall cause this Association to prepare and maintain a roster of Lots, the Owners thereof, the assessments applicable thereto, if any, and the status of the payment thereof, which shall be kept in the office of the Association and which shall be open to inspection by any Member. Further, the Board shall, upon demand, furnish to any Owner liable for an assessment a certificate in writing signed by an officer of the Association, stating whether said assessment has been paid, or, if being paid in installments, whether payments are current. Such certificate shall be conclusive evidence of payment of any assessment or installment thereof which is therein stated to have been paid.

All approvals shall be in writing and may be qualified upon the satisfaction of specified conditions. Provided, however, that in the event the Architectural Committee fails to approve or disapprove such design and location within Thirty (30) days after said plans and specifications have been submitted to such Architectural Committee, the submitted plans shall be deemed disapproved. A single lot is limited to no more than one outbuilding and no more than one detached structure as restricted in this Article as may follow.

Section 4.2 - OUTBUILDINGS/METAL SHOPS – All outbuildings on any Lot shall have a concrete foundation and be of new construction and architectural type similar to the residence already in place on such Lot and constructed of materials to match the general character of the residence. The Architectural Committee shall have complete and total discretion

All detached structures must be of new construction and architectural type similar to the residence already in place on such Lot and constructed of materials to match the general character of the residence. The Architectural Committee shall have complete and total discretion to determine what shall constitute similar appearance and materials matching the general character of the residence and the Board shall have enforcement authority for maintenance and upkeep of such detached structure. The following provisions shall be applicable to all detached structures:

- g. No detached structure may be constructed on an unimproved/vacant Lot.

Section 4.4 - LANDSCAPING – Prior to construction of any residences, a landscape plan must be submitted to the Architectural Committee to show the general design plan for site landscaping. All homes must be landscaped and sod must be installed in all yards at the time construction of the dwelling is completed.

Each Owner shall exercise as much care as is possible to retain natural vegetation, trees, shrubs, and other similar growth. Prior to the removal of any such growth, the plans referred to above shall be submitted to the Architectural Committee for the committee's review and comments. Such plan shall include the location of all trees that are Six (6) inches or more in diameter measured Six (6) feet from the ground. The design of all structures shall attempt to save such trees, except to the extent that they may become dangerous or hazardous or impede proper drainage of the Lot. If any such tree is removed without approval of the Architectural Committee, the Owner will replace the tree with a similar tree specified by the Architectural Committee. This restriction shall not apply to Easter Red Cedars or similar juniper trees.

Section 4.5 - FEES – No fee shall ever be charged by the Architectural Committee or by the Association for the review specified in Section 4.1 or for any waiver or consent provided for herein.

Section 4.6 - PROCEEDING WITH WORK – Upon receipt of approval as provided for in Section 4.1, the Owner shall as soon as is practicable, satisfy all conditions of such approval, if any, and proceed with the approved work. Section 5.2 - BOARD’S RIGHT – SPECIAL ASSESSMENTS – In the event any Owner, in the opinion of the Board, fails to maintain the exterior of the home, Lot, or building on the Owner’s Lot, the Board shall give the owner notice in writing of the deficiencies. The Owner shall have Thirty (30) days within which to cure the deficiencies. Should the Owner fail to cure the deficiencies in Thirty (30) days, the Board shall be authorized to have the work performed at the expense of the Owner. There shall be added to the actual cost of the work Ten (10) Percent interest to cover the administrative expense of the Board. In such event, at the conclusion of the performance of the work, the Board shall notify the Owner of the cost of performing the work, and if the Owner does not pay within Thirty (30) days, said cost shall be deemed an unpaid special assessment under Section 3.4 and 3.7 hereof and shall be a lien on the property and subject to all collection rights therein provided.

Section 5.3 - ACCESS AT REASONABLE HOURS – For the sole purpose of performing the exterior maintenance authorized by this article, the Association, through its duly authorized agents or employees, shall have the right after reasonable notice to the Owner, to enter upon any Lot at reasonable hours on any day, except Sunday or a legal holiday.

Plans for any such fence shall be submitted to the Architectural Committee for approval prior to construction.

All said fencing described in this section shall be installed by a professional contractor and shall not extend past the front of the house. The Owner of any Lot along the exterior boundaries of The Properties upon which fences of any kind exist shall be required to maintain, repair and replace said fencing at their own cost when necessary.

No fences may be constructed on the front portion of any lot between the front lot line and the front building set back line. Further, no corner lots may be fenced beyond the front or side building setback line.

Section 5.5 - POOLS – No swimming pool shall be constructed, placed or installed prior to submission of proposed plans for such improvement to the Architectural Committee and written approval by such Architectural Committee. No above-ground pool shall be installed unless a stockade and/or security fence obstructs the view of such above-ground pool from all other Lots. Small, temporary children’s style pools are permitted provided such pools are

contained in the backyard of the Lot, are not visible from any Lot in the vicinity, and are emptied when not in use.

Section 5.6 - SECURITY GATES – It is declared that The Properties make up a restricted/no access gated community. Electric gates have been installed across Four Lakes Drive and across Pelican Way of Four Lakes Addition. Access to The Properties shall be by these entrances only. Section 5.7 - PRIVATE EXTERIOR GATES AND ACCESS PROHIBITED – Each Owner and their guests must utilize only those streets, roadways and entrances to the properties as are shown on the recorded subdivision plats. ARTICLE VI GENERAL RESTRICTIONS

Section 6.1 - LAND CLASSIFICATION – All Lots within The Properties are hereby classified as Single-Family Lots, i.e., each Lot shall be used exclusively for single family residential purposes and for the exclusive use and benefit of the Owner thereof. No gainful occupation, profession, business, trade or other non-residential activity shall be conducted on any Lot or in any residence or Detached Structure located thereon. Nothing herein shall be deemed to prevent the leasing of any Lot from time to time by the Owner thereof subject to the terms and provisions hereof.

Section 6.2 - SIGNS AND BILLBOARDS – No signs or billboards will be permitted upon the Open Space or upon any Lot, with the exception that signs which do not exceed five (5) square feet advertising the sale or rental of a Lot or Lots may be placed upon a Lot which is for sale or lease.

There shall be added to the actual cost of the work Ten (10) Percent to cover the administration expense of the Association.

Section 6.4 - DRAINAGE AND EROSION – Drainage, as originally established in the development plan for The Properties, shall be maintained by the owner. Each Owner of a Lot shall take all steps necessary to prevent the erosion of said Lot including, but not limited to, the planting and maintaining of grass or ground cover or the construction of retaining walls, and the installation and maintenance of tin horns or concrete pipe, which in all cases must be in accordance with the engineering plans submitted and must be approved in advance by Architectural Committee.

Each Owner shall be responsible for the installation and maintenance of all necessary erosion control devices and shall at all times keep erosion control devices in good working order. Any failure of erosion control devices and subsequent cleanup shall be the responsibility of the owner. Receipt of an Architectural Committee acknowledgment of compliance will depend upon compliance with erosion control provisions. Any default by an Owner or contract of erosion control pursuant to this section shall be remedied within Twenty-four (24) hours of notice of such default.

Each owner of a lot which adjoins or is adjacent to a lake shall take actions and perform all maintenance work necessary to control erosion, including, but not limited to, the planting and maintaining of grass, shrubbery or ground cover and the construction and installation of landscape timbers and retaining walls. No pet or pets shall be allowed to make an unreasonable amount of noise or otherwise to become a nuisance. Upon the request of any Owner, the Board shall determine in its sole discretion whether a particular animal, fish or reptile shall be considered to be a house or yard pet, or a nuisance, or whether the number of pets on any Lot is unreasonable. However, chickens, ducks, geese, guineas, horses, mules, donkeys, cattle, emus, ostriches, pigs, goats and sheep shall not be considered a house or yard pet hereunder and shall not be allowed on The Properties.

Every animal, including but not limited to dogs and cats, shall remain on a leash when not on the Owner's Lot and no animal shall be allowed to roam at large.

Parking of commercial vehicles or equipment, mobile homes, recreational vehicles, golf carts, boats and other watercraft, trailers, stored vehicles or inoperable vehicles in places other than in enclosed garages or behind the back building line of the residence on a hard surface is prohibited. Construction, service and delivery vehicles shall be exempt from this provision for such period of time as is reasonably necessary to provide service or to make a delivery to a Lot.

Driveways and parking areas must be concrete or other hard surface approved by the Architectural Committee.

Section 6.14 - EASEMENTS – Easements for installation and maintenance of utilities, pipelines and drainage facilities are reserved as shown on the recorded plat. Within these easements, no structure, planting, or other material shall be placed or permitted to remain which may damage or interfere with installation and maintenance of utilities, or which may change the direction of flow of drainage channels in the easements or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each Lot and all improvements in it shall be maintained continuously by the Owner of the Lot, except for those improvements for which a public authority or utility company is responsible and except for the Open Space and Private Access Easement Areas, if any, which are to be maintained by the Association.

Section 6.15 - STORAGE OF FLUIDS – No tank for the Storage of oil, contaminants or other fluids may be maintained above or under the ground on any Lot. Section 6.19 - MATERIALS AND CONSTRUCTION – Work shall commence on a residence within two (2) years after a purchase of any Lot within the subdivision unless said time is extended by the Architectural Committee. No building materials will be placed on any Lot until construction is to begin on such Lot and construction of any structure will be completed within two (2) years from the date construction is commenced. All outside walls of dwellings will be at least Seventy (70) Percent brick or masonry. For purposes of this section, masonry does not include EIFS or stucco and is intended to be defined as rock, brick or some combination of the two. The exterior walls of all dwellings must be constructed with Six (6) inches dropped brick or masonry ledges, and excavated footings in areas where exterior concrete will adjoin brick or masonry. Roofing materials will consist only of shingles with a minimum thirty (30) year life span or warranty, or other material specifically approved by the Architectural Committee. No metal roofs are allowed, subject to the provisions hereof. All roofs must have a minimum Nine on Twelve (9/12) pitch. All vent pipes will be of minimum height and will be of such material or color to harmonize with the roof. All chimneys must be constructed of brick or stone.

Prior to construction, all owners must install a temporary white gravel driveway and a tinhorn or concrete pipe as determined by an engineer and approved by Architectural Committee as is otherwise set out herein.

Section 6.20 - CLOSED SEWAGE SYSTEMS – All septic tank absorption fields, aerobic systems and lateral lines must conform to minimum State regulations and shall be constructed in accordance with the recommendations of the Department of Environmental Quality. Prior to installing a sewage disposal system, the owner must obtain and pass inspection from the Health Department. No sewage disposal system may be constructed on one Lot which would interfere with the property drainage either on the Lot of the Owner or any other Lot. Lagoon systems are not permitted. In all instances, no lateral lines shall be constructed within Fifty (50) feet of any Lot line or property line unless otherwise approved in writing by the Architectural Committee.

Section 6.21 - UNDERGROUND SHELTERS – All underground shelters, storm shelters and cellars shall be located at the rear of the house.

Section 6.22 - WATER WELL APPROVAL – Any private water well or private water system created on any Lot in The Properties shall first be approved by the Department of Environmental Quality for Grady County, State of Oklahoma, and all such private water systems or wells shall be operated, maintained or repaired and replaced to comply with the requirements of the State Health Department of the State of Oklahoma.

Section 6.23 - JUNKYARD/AUTOMOBILE REPAIR OPERATIONS PROHIBITED – No owner may maintain a junk yard, automobile repair operation or any accumulation of building materials on any Lot within The Properties of Four Lakes.

Section 6.24 - NOXIOUS TRADES PROHIBITED – No noxious or offensive trade or activity shall ever be conducted on any of The Properties nor shall anything ever be done thereon, which may be or become an annoyance or nuisance to the neighborhood.

Section 6.25 - FIREARMS – No Person shall discharge any type of firearm or set off any aerial fireworks anywhere within The Properties for any reason. Fireworks will be permissible only on the Fourth of July as long as a prudent safety practice is observed and fireworks usage is under the supervision of a guardian or parent of legal age.

Section 6.26 - USE OF WATER AREAS AND BOATS – Lot owners with lake access may use the entire lake via non-motorized boats, but the shoreline is the private property of the lot owners adjoining the same. The Lot Owner of a Lot that borders a pond or lake within the addition may build a dock but must receive prior written approval from the Architectural Committee as to size, design and materials. Further, such Lot Owner accepts the responsibility and liability for any and all damage such dock might cause to the pond or lake as well as any responsibility or liability for damage or injury incurred by the use of such dock.

No boat in excess of Fourteen (14) feet in length may be used or operated on any pond or lake within The Properties. The use or operation of gasoline or fuel powered motors is strictly prohibited upon any pond or lake within The Properties. All boats shall be powered by oars, paddles or electric motors only. All boats shall be operated according to all applicable Oklahoma laws, rules and regulations.

ARTICLE VII GENERAL PROVISIONS

Section 7.1 - ENFORCEMENT – The Association, or any Owner, shall have the right to enforce, by any proceeding at law or in equity, all restrictions, conditions, covenants, reservations, liens and charges now or hereinafter imposed by the provisions of this Declaration. Failure by the Association or by any Owner to enforce any covenants or restrictions herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 7.2 - TERM AND AMENDMENTS – The covenants and restrictions of this Declaration shall run with and bind the land, for a term of Twenty (20) years from the date this Declaration is filed of record, after which time they shall be automatically extended for successive periods of ten (10) years.

This Declaration may be amended during the first twenty (20) year period by an instrument signed by the then Owners of Ninety (90) Percent of the Lots, and thereafter by an instrument signed by the then Owners of Seventy-five (75) Percent of the Lots. To become effective, any such amendment must be recorded.

Section 7.3 - REARRANGING, SUBDIVISION OR REPLATTING – No rearranging, subdividing or replatting of The Properties shall occur, except with the written consent of the Association.

Section 7.4 - MERGERS – Upon a merger or consolidation of the Association with another association as provided in its Articles of Incorporation, the properties, rights, and obligations may, by operation of law, be transferred to another surviving or consolidated association or, alternatively, the properties, rights and obligations of another association may, by operation of law, be added to the properties, rights and obligations of the surviving or consolidated association and such surviving or consolidated association may administer the covenants and restrictions established by this Declaration within The Properties together with the covenants and restrictions established upon any other properties as one scheme. No such merger or consolidation, however, shall affect any revocation, modification or addition to the covenants established by this Declaration in regard to The Properties.

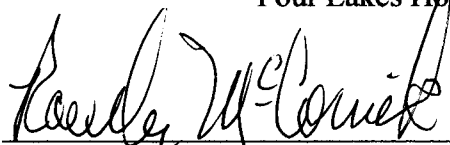

Section 7.5 - SEVERABILITY – Invalidation of any of these covenants or restrictions by judgment or court order shall in no wise affect the remaining provisions which shall remain in full force and effect.

Notwithstanding any provision contained herein, all owners of any lot within the addition must comply with all Blanchard, Oklahoma, ordinances relating to this addition.

This agreement shall be binding on the heirs, executors, administrators and assigns of the parties hereto.
